

INFORMATIONAL INSTRUCTIONS – ROD LICENCES FOR NON-MEMBERS (FOREIGNERS)

●CHANGES TO ANGLING REGULATIONS FOR FISHERIES● (in conflict with the angling rules brochure)

Non-trout fisheries

- The person fishing must have a landing net with him/her.
- The minimum size limit of European grayling is 30 cm.
- **441 042 Ohře 7**
Increased minimum size limit of Common trout: 40 cm, European grayling: 40 cm.
Anglers may only keep 1 Common trout and 1 European grayling a day.
- **441 086 Ploučnice 1 B**
Catching Common carp is restricted to three pieces per calendar week, with the exception of July and August. The day's fishing ends when the angler keeps one carp, with the exception of sub-fishery No. 3.
- Rod buoys are permitted.
- Belly boats are considered a vessel, use of which for fishing is only permitted where fishing from vessels is permitted in the description of the fishery.
- Bringing in bait by vessel is banned on all fisheries, with the exception of fisheries or their parts where fishing from vessels is permitted.
- In fisheries where fishing from vessels is permitted, deep spinning is permitted, but only from vessels powered by hand (oars), this does not apply to fisheries where deep spinning is banned.
- Live boxes for keeping fish in the fishery are banned after fishing has ended. Bait fish can be kept in a special-purpose container (fish bucket) the exterior dimensions of which do not exceed 50 cm in any direction.
- When artificial fly fishing in non-trout fisheries from 1 January to 15 June inclusive, fishing is only permitted using classic fly fishing equipment consisting of a fly rod, fly reel, fly line and cast, whereas bait may be a maximum size of 4 cm.
- Supplements to descriptions of listed fisheries are an integral part of the detailed conditions for executing angling rights.

Trout fisheries

- The person fishing must have a landing net with him/her.
- The minimum size limit for European grayling is 30 cm.

- **443 040 Ohře 8 A and 443 059 Ohře 8 B**
Increased minimum size limit, Common trout: 40 cm, European grayling: 40 cm.
Anglers may only keep one Common trout and one European grayling a day.
Artificial fly fishing is only permitted throughout the Ohře 8A fishery using classic fly fishing equipment consisting of a fly rod, fly reel, fly line and cast, whereas the bait may only have hooks without barbs or modified hooks with pinched barbs. When spin fishing the bait may only be fitted with single hooks to triple hooks without barbs or modified hooks with pinched barbs, with the exception of bait over 10 cm, which may have hooks with barbs.

- **443 016 Jeřický potok 1**
A minimum size limit of 30 cm applies to Common trout in this fishery.

- **443 019 Jizera 9**
The minimum size limit for Common trout in this fishery is 30 cm.
Anglers may keep 1 (one) Common trout a day in this fishery.
Angling by wading in the river is forbidden from 16 April until 15 June

- Spin fishing or artificial fly fishing is permitted for 3 days during the calendar week in trout fisheries, on other days bottom fishing and float fishing is only permitted with vegetable bait (salmonids and grayling must not be left when bottom fishing or float fishing). Before starting spin fishing or artificial fly fishing, the person fishing must circle the date. Persons bottom fishing or float fishing underline the date twice horizontally. The method of fishing cannot be changed after at least one fish has been caught and kept.
- Keeping live salmonids in the kept catch is forbidden!
- Fishing using a bubble float is forbidden!
- Belly boats are considered a vessel, use of which for fishing is only permitted where fishing from vessels is permitted in the description of the fishery.
- Bringing in bait by vessel is banned on all fisheries, with the exception of fisheries or their parts where fishing from vessels is permitted.
- Bottom fishing or float fishing is only permitted from 1 September to 30 November using vegetable bait (salmonids and graylings must not be left when bottom fishing or float fishing), artificial fly fishing is also permitted using classic fly equipment consisting of a fly rod, fly reel, fly line and cast. There may be a maximum of 3 casts with an artificial fly and single hook on each tackle.
- Any use of all supporting elements is banned, except for the bait body, when fly fishing, artificial fly fishing and spin fishing (bubble floats, Bavarian wood, sбирulino, etc.) is banned. Use of a weight located outside the body of the bait is banned. When spin fishing the weight may also be located outside the bait.
- When artificial fly fishing, use of twister type flies with rubber, silicone and similar loosely floating elements outside the body of the fly and over 1 cm in length, is banned (loosely floating natural material, such as fur, feathers and leather – zonker, and also synthetic hair and tinsel over 1 cm in length is permitted).

I already have a rod licence

YES

NO

➤ I request sale of a non-member licence (North Bohemian fisheries):

for non-trout water

for trout water

➤ I request a licence valid for:

1 day

2 days

1 week

1 month

1 year

➤ I request the angling rules in:

German

English

Russian

➤ **Comment:** Printed descriptions of fisheries are only available in Czech, but foreign language mutations, with fisheries marked on the map, can be found on the website at <http://www.rvbsvaz.cz> (menu item: Rybářské revíry → Severočeský ÚS → choice of languages)

Support for arranging a rod licence

I request a map or at least a description of the site of issue / sale of the rod licence (address, floor, door number, clerk's name – please insert below depending on the specific town):
